A gentlemen's mid to late 20th century gold intaglio signet ring

A gentlemen's mid to late 20th century gold intaglio signet ring, with an oval cornelian intaglio, possibly Georgian, later mounted. The oval cornelian tablet depicting a figure holding a branch and hanging from a tree, with other figures looking on. Ignore markings. Tested as approximately 9ct gold. 7.50g
Finger size U

Condition Report

Surface marks to the mount. Light surface scratches to the cornelian tablet with very small nibbles to the edges. Marked 18ct but only tests as approximately 9ct. As described the mount is not original to the tablet. Approximately 14.70 x 12mm
