Condition Report

Oil on wooden panel with a supplier's stamp for Winsor & Newton at the reverse. The panel is in a good condition overall. The paint layer is stable and secure overall. Near the centre of the panel is a localised area of cracks with some slightly lifting edges. There are drying cracks in the darker paint passages. There are localised areas of abrasion and scuffs to the paint surface. The sky at the left hand side has a slightly mottled appearance, it is unclear if there is retouching in this area. The thin varnish layer is slightly yellowed but even.
