**Estimate:** £850 - £950 + Fees

**A platinum single stone diamond ring,**

**A platinum single stone diamond ring**, with a brilliant cut diamond, with an estimated weight of approximately 0.70ct, claw set to open shoulders and a court section shank, London 2013, 3.56g.  
Finger size I

#### **Condition Report**

Diamond measures approximately 5.62 - 5.66mm, *cannot measure depth due to mount limitations.*

The girdle of the diamond is laser inscribed 2136277368. The number is preceded by the letter A, which is partially obscured by the claw. The font of the A looks to be that of a GIA inscription, and the details on the GIA report check match the assessments we have made of the diamond. There is no paper report to accompany this diamond.  
Minor surface marks/scratches to mount.
